

On July 2, 2013, the School Art Committee lost committeeman and friend, Walter "Lee" Johnson.

Lee spent many years involved in supporting the youth of Texas and those who knew him always had something to say about him. To some he was a wonderful man, a compassionate man, a caring man, a friend, a leader, a giving and sharing man. To others he was brash, quite edgy, and always opinionated. To know Lee was to know a man of principal and commitment and, whatever you thought of him, you always knew exactly where you stood with him or where he stood on any subject. He was transparent.....what you saw was what you got. Anyone who spent time with Lee very likely knew that it always involved some wonderful stories, crazy happenings, lots of smiles and loads of fun.

Lee not only worked on behalf of the School Art Auction Committee, he also had been a member of the Special Children's Committee and was serving as a member of the Events & Functions and Corral Club Support Committees. Over the years Lee worked too many jobs to mention with Corral Club, Houston Farm and Ranch Club and, at the time of his death was serving as presiding President of the Hold 'Em & Hit 'Em Club and President of High Bidders, Inc. Through the School Art Auction Committee he supported the Corral Club Cherubs/Hold 'Em & Hit 'Em buyers groups. Lee will be missed by so many and especially those of the School Art Auction Committee.
